

WEEKLY UPDATE

11/4/2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility. Since the beginning of the pandemic we have had 7 Staff members and 12 residents recover from COVID. In an effort to keep our residents and staff safe and facility free of COVID we screen every employee and essential care provider upon entering the facility.

In addition to the daily screening we test our employees twice a week for COVID in adherence to CDC recommendation. As we reported to you previously, during routine testing on 10/12/2020 one of our staff tested positive for COVID and was immediately sent home to quarantine. All staff and residents were tested afterward, and no other case was identified.

We are also happy to inform you that our doors are open to Essential Care Givers and Salon Care Providers. If your loved one designates you as their essential care giver, with appointment and meeting certain criteria as mandated by the Governor, you can visit your loved one at the facility. To learn more about the criteria please call our facility administrator at 214-845-6200 for more details.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 214-845-6200.

Sincerely,

Chudy Uchegbu, LNFA, MBA, LSS
